

## Subject Expert Groups

In preparation for the work in rebuilding NCEA standards and resources across all subjects, the Ministry of Education set up around 50 Subject Expert Groups (SEG), comprised of about 400 practising teachers, academics and representatives from the tertiary and industry sectors, to help develop new achievement standards and supporting teaching and assessment resources for each subject.

Below is the list of the members of SEGs for the four NCEA Level 1 Pilot subjects – English, Science, Visual Arts and Religious Studies.
